

MISSION STATEMENT

*To empower adults to fulfil their potential
through learning and work*

Statements underpinning the Strategic Vision for Careers West Yorkshire

1. We will work together on behalf of our clients, partners and the different communities in which we work. As a partnership ‘the sum of the whole is greater than the parts’; together we achieve more!;
2. We will provide a consistent, quality assured, accessible service for all.
3. We will offer additional support for those who have particular difficulty in seeking learning and work.
4. We will provide a well established range of client services, based on experience and good practice.
5. We will operate an impartial inclusive partnership providing mutual support and working together towards common goals - all members of the West Yorkshire nextstep Partnership have a valuable contribution to make.
6. We will make clients, learning providers and strategic organisations more aware of what Information, Advice and Guidance (IAG) is and what it can do.
7. We will continue our commitment to encourage adult’s participation in learning and raise skill levels and qualifications.
8. We will influence and support the government’s agenda for IAG, specifically in relation to integrating IAG within learning and funding structures. To ensure IAG is built into formal structures, linking to local, sub-regional and national activities.
9. We will provide a strong voice for IAG.
