

# Level 3 Assessor Qualifications

# OCR Assessor Awards and Certificate (level 3)

Level 3 Award in Assessing Competence in the Work Environment

Level 3 Award in Assessing Vocationally Related Achievement

Level 3 Certificate in Assessing Vocational Achievement

## Who will benefit?

The Assessor Awards and Certificate are suitable for assessors in a variety of contexts: those assessing in the workplace and those assessing in alternative environments such as workshops and classrooms. Each qualification includes a unit that covers all essential knowledge and understanding that assessors need, plus one or more units that describe competent practice.

## The Aims

To provide training in the principles and practices that underpin assessment methods, to assess the candidate's knowledge of these and to assess their performance in assessing occupational competence in a learner's work environment and/or to assess the candidate's performance in assessing vocational skills, knowledge and understanding in environments other than the workplace.

## The Programme

Two or more workshops cover the principles and skills of assessment planning, feedback and review in the learning process, explain unit evidence requirements and assessment methods. Our assessors conduct all assessments, review progress and offer ongoing guidance and support by email and telephone as well as face-to-face.

## Entry Requirements

There are no formal requirements. Participants must be involved in assessing learners using different methods.
